ZipMail - Email Cost-Reduction Solutions

In these challenging economic times, the topics of cost reduction, cost-avoidance and Total Cost of Ownership are very timely for Messaging Managers and IT Directors.

Paradoxically, at the same time, there is a major increase of email traffic and consequently, a permanent need for costly upgrades of network bandwidth and messaging related storage.

The ZipMail email cost-reduction solution for Lotus Notes, Microsoft Outlook and web mails, from MK Net.Work, provides a very competitive and immediate answer to this dilemma.

This is the reason why more than 1.5 million copies of ZipMail contribute, each day, to reducing the infrastructure costs and to increasing the overall performance levels of leading organizations worldwide.
