

# ZipMail

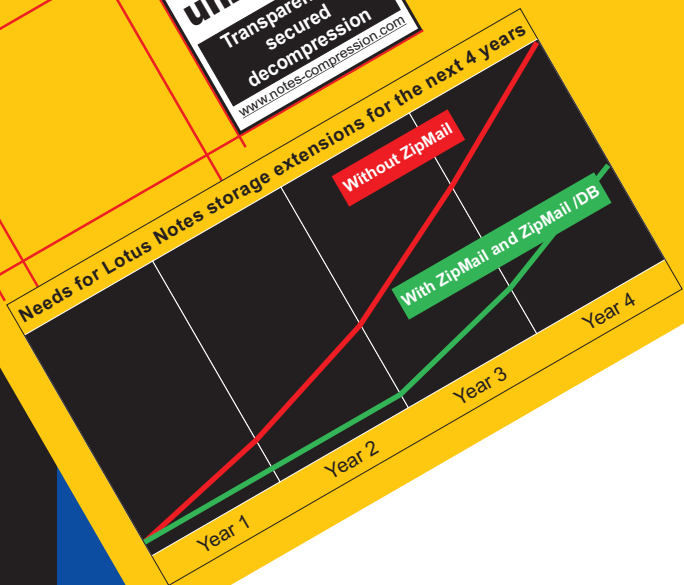

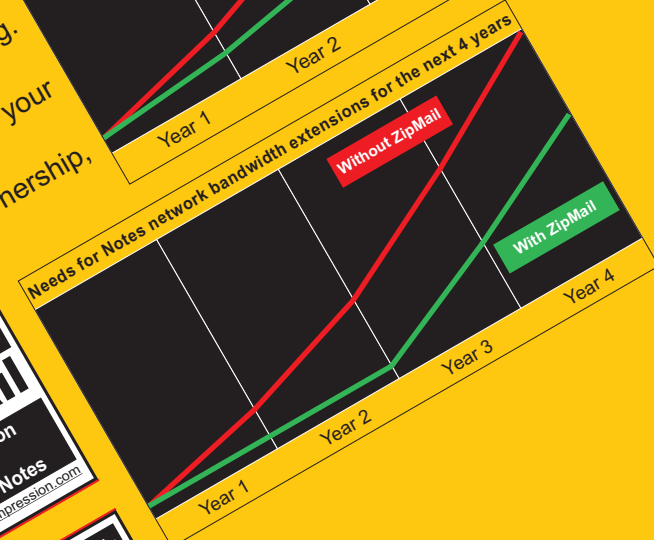

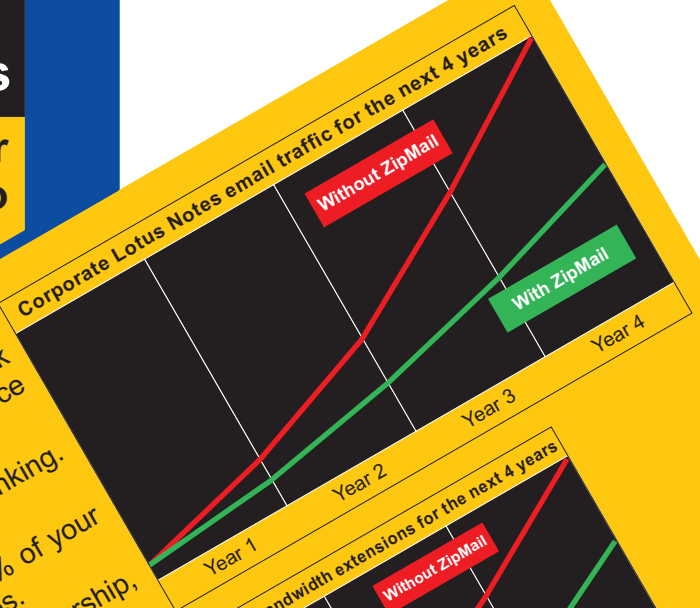

## Compression Suite for Notes

transparently compresses all your Lotus Notes attached files into standard ZIP files.

# ZipMail

The best and simplest way to drastically reduce your needs for network bandwidth and disk space, while increasing the overall performance of your Lotus Notes organization.

ZipMail for Lotus Notes does not require users to do any thinking. No user training is required! You can be sure that, as soon as ZipMail is installed, 100% of your attached files get compressed into standard industry ZIP files. ZipMail greatly reduces your Lotus Notes Total Cost of Ownership, providing a 30-day or less return on investment.
